MINING

HELVETIA.

The Helvetia Copper Company earned a net profit in its fiscal year ending Aug. 31, 1909, of \$35,398, all of which was applied to development work. From Oct. 12, 1908, to Aug. 31, 1909, 299,847 pounds of ore were shipped to the smelter, and the copper obtained therefrom gave a net return of \$95,842. The underground workings on the property were increased during the year by 4828 feet and now aggregate 11,775 feet.

MICHIGAN SHIPMENTS.

Michigan shipments of refined copper shipments from the Michigan mine to the Atlantic steam mill at Redbridge have fallen off notably this week. While in the past three weeks have been operated regularly upon Michigan Rock, two of the heads were shut down completely this week. It is reported at Redbridge that the boarding house mine dwelling and other buildings at the Michigan are being boarded up.

For the past two months the Superior mine has been shipping enough rock to the Atlantic mill to keep two heads in operation, and the force at the mill will not be decreased because of the smaller Michigan shipments. The Superior has been shipping about 200 tons of rock daily and the Michigan 600 tons.

promise would be effected in the litigation of Old Dominion against A. S. Bigelow and the "receipts" have been in better demand. A Bigelow interest says: "I do not know from whom the offers come but overtures have been made looking to a compromise. It is almost needless for me to state that these overtures have not come from Mr. Bigelow and he proposes to fight the matter through to the end. He will not listen to anything which savors of a compromise."

The Butte Coalition company is producing at the rate of over 40,000,000 pounds copper per annum. This is more than double that of 1908. The present cost of the company's copper is about ten cents per pound. Directors tell us that if extraordinary exploration work were suspended the cost could easily be reduced to nine cents per pound.

A New York party close to copper mining corporations says: "The Cole-Ryan people are at work upon the problem of combining North Butte and Butte Coalition with Amalgamated. Neither North Butte or Butte Coalition has any smelter but each has very valuable ground and many questions may arise in the future concerning their independent operation by the managers of Amalgamated. Therefore it is considered the part of wisdom to see if they can be absorbed by Amalgamated at the present time. The Cole-Ryan interests would very much like to put in the Greene-Canaan and possibly the Giroux at the same time."

Shannon's October output was 1,520,000 pounds.

ARIZONA AND MICHIGAN.

Capt. James Chynoweth of Calumet, president Arizona & Michigan Mining company, late yesterday afternoon received a telegram from A. Trojanovica a director of the company at Globe, to the effect that a vein of ore had been encountered in a drift from the shaft at the Telfair claim, assaying copper values of fifteen per cent. Additional information bearing on the discovery of ore has been sent to the home office of the company by letter and is expected this week.

STOCKS

Gay & Sturgis says: Boston, Mass., Nov. 3.—The great strength which closed at the top of a 3 1/2 point bulge makes it very evident something is brewing in copper affairs. Other coppers participated in part, but except for Butte Coalition, no particular feature existed. It was a very notable fact, however, that while the railway list barely held its own, coppers in general list were uniformly strong and it is without doubt that something is pending.

We understand a definite announcement will be made on the arrival of Mr. Daniel Guggenheim from Europe shortly.

The metal was strong and large sales were reported. The current sentiment is such that better prices are likely.—L. J. Sturgis.

UNLISTED STOCKS.

J. A. Minnear and Co. say today: Continued extreme activity was noted in the curb issues all day. Arizona & Michigan was the feature on the announcement that ore had been encountered in the crosscut, assaying as high as fifteen per cent copper and carrying silver. Cactus also showed strength. It is reported Oneco has encountered a well mineralized vein in diamond drilling. Santa Rosalia continues to be heavily traded in and crossed \$3, but gave way to profit taking before the close. We look for higher prices for a number of the curb issues.

GAY & STURGIS GOSSIP.

Calumet, Mich., Nov. 3.—The general market did not show any great enthusiasm until just before the close when Amalgamated took a spurt that carried the price to 89 and strengthening the whole list.

Coalition was again the leader in Boston coppers, selling up to 29 1/2. Superior Copper was in good demand advancing to 60 1/2.

Boston, Nov. 3.—LaRose and Nipissing are breaking badly again today. The talk on LaRose that the company is to use the cash on hand for the development of the property and that the dividend may be passed, Montreal advances, however, state that there is

There will be a special meeting of Calumet Lodge, No. 271, F. & A. M. Thursday evening, Nov. 4th at 7:30. Work in the P. C. degree.

J. J. FLEIS, JR., W. M.
PIERCE ROBERTS, Sec'y

There will be a regular meeting of Calumet Aerie No. 352 F. O. E. Wednesday evening, November 3rd. Business of importance. A large attendance is desired.

DR. PRICE'S CREAM Baking Powder

The Official Tests show Dr. Price's Cream Baking Powder to be most efficient in strength, of highest purity and healthfulness.

NO ALUM
No Lime Phosphates
Avoid Baking Powders made from alum. They may raise the cake, but alum is deleterious and no one can eat food mixed with it without injury to health.

nothing intrinsically wrong at the property and that the market movements of the stock are due to manipulation. The weakness in Nipissing is believed to be in sympathy with LaRose.—H. & W.

Boston.—Mass. Gas declared regular semi-annual dividend of 2 per cent on preferred stock and regular dividend of 1 per cent on common for four months. Payable Dec. 1. Bonds close Nov. 15, reopen Dec. 1.—Dow, Jones & Co.

New York, Nov. 3.—The strength and activity which has developed in curb copper stocks during the past week, suggests a startling improvement in trade conditions.

Greene-Canaan, Nevada Cons., Miami, the curb leaders, were features while Newhouse, Union Mines and Con. Ariz. were conspicuous for their strength.

The renewal of activity in Newhouse and the good character of buying at advancing figures is significant of higher prices for this stock.

Con. Ariz. continues to be well bought and is being confidently predicted for the stock.—H. & W.

New York, Nov. 3.—There was practically no gossip regarding the stock market here yesterday. Perhaps I can best describe the sentiment of the speculative crowd by saying that they are conservatively cheerful and while they are all bullish for the long pull, I think a good many of them feel that the market at present is in a period of readjustment.

People interested in copper stocks seems to be more bullish and more willing to back their opinions than almost any one else.

The tip to buy Amal. is all over the street.

Hull talk is still out on the Interior issues, on South Pacific and on Panama. I am inclined to think at the moment that the market is a sale on the rallies.—J. W. P.

LAYMEN'S CONFERENCE.

New York, Nov. 3.—The Laymen's Evangelistic Conference, which had its opening today at the Marble Collegiate church, is regarded as one of the most important religious gatherings of the year. The call for the gathering was signed by fifty of the most prominent and active laymen of the east, including leading business men of New York, Buffalo, Pittsburgh, Washington, Baltimore and Boston. The proceedings will last three days and will be wholly in the interest of evangelistic work by laymen.

MINISTERIAL ASSOCIATION.

Meeting Will be Held and Officers Elected on Monday.

The Copper Country Ministerial association, interdenominational, will hold its first regular meeting for the season at the home of Rev. and Mrs. J. A. Ten Broeck, corner of Third and Ironquits streets, Laurium, on Monday afternoon. The meeting will be called at 2:30 o'clock, minute and it is expected that it will be largely attended.

Rev. W. E. Marvin of Hancock will read a paper on "A Minister's Message to Christians," and Rev. M. Rutherford of Calumet will read the discussion. The officers for the ensuing year will be elected at that time.

EVA TANGUAY VERY ILL.

"I Don't Care" Comedienne May Never Appear on Stage Again.

New York, Nov. 3.—Eva Tanguay, the vaudeville headliner, and comedienne, is seriously ill in her apartment, No. 54 Morningside ave. west, and may never appear on the stage again. She is suffering from heart failure and paralysis of vocal chords and a series of other ailments. Her physician, Dr. J. A. Barlow, of No. 149 West Forty-eighth st., says that unless she exercises extreme care, unfavorable complications may set in.

Mrs. Tanguay was able to visit her doctor for treatment until recently, but her illness took a turn for the worse Monday and she was compelled to take to her bed. Her condition became so alarming that her sister was summoned from Holyoke, Mass., and has been in constant attendance

since.

Miss Tanguay is barely able to converse above a whisper. At times her vocal chords give her so much pain that her physician has ordered her not to talk to any one.

BUILDING & LOAN ASSN. HOLDS ANNUAL MEETING

The first annual meeting of the Copper Country Building and Loan association of Calumet, was held yesterday afternoon, in the company's offices, in the Bargo block on Fifth street. The following directors were elected for the ensuing term: John Daniels, Henry A. Kitt, J. H. Jansberg, James Crane, Frank Reding and Paul Schmeidler.

Following the election of directors the following officers were re-elected: President, C. J. Wickstrom; vice president, Edward Uebach; secretary, Attorney C. A. Marsh; treasurer, C. O. Jackson.

TALKS WITH THE WOLVIN.

The United Wireless Telegraph station at Tamarack Junior, was in communication with the steamer Wolvin this morning. The captain of the Wolvin was anxious to secure the weather forecast, and was assured by The News, through the United Wireless, that he need fear no serious storm tonight or tomorrow morning.

WEDDED IN CHICAGO.

Copper Country Couple Take Their Nuptial Vows in That City.

A special from Chicago to The News this morning announced the wedding of Miss May Lynch of Hancock to John Connelly, Jr., of Calumet. The ceremony was performed very quietly in the Windy city. Both of the young people are 26 years of age and well known in this section. It is expected that they will return to this city this week to make their future home here.

The announcement of the wedding in Chicago was a complete surprise to the many friends of the young people in this county.

DIES IN CORNWALL.

A cablegram was received by John T. Rowe of Laurium yesterday, announcing the death of his father, Russell Rowe, aged 70, at Mawgan, Cornwall, England. Only two sons survive the deceased, John T. Rowe of Calumet and Charles Rowe of Houghton.

LOCAL BREVITIES.

The deer hunting season will open one week from today, November 14, and will continue up to November 30, inclusive. A number of Laurium sportsmen intend leaving for the woods next Sunday, so that they will be on hand bright and early on the morning of the 10th.

Clerk Price reports a total of 268 births so far this year, dating from January 1 to November 1, as compared with a total of 282 for the same period last year, or a decrease of 14 births.

An indoor baseball game will be played this evening in the Y. M. C. A. gym at 8:20 o'clock, nine time, between Joe Lean's picked team and the Y. M. C. A. A good game is expected. A small admission fee will be charged.

There were fourteen births and eight deaths in the township of Osceola for the month of October, the birth rate being about normal, with a slightly higher death rate. Of the eight deaths, four were violent, while tuberculosis claimed two.

The Elizabeth Rebekah Lodge of Calumet has received an invitation to visit the Ivy Rebekah lodge of Lake Linden on Friday evening, when the initiatory degree work will be exemplified.

Village Clerk N. F. Kaler of Red Jacket reports a birth rate of nine for the month of October, and seven deaths. The total number of births in the village of Red Jacket recorded so far this year numbers 124, while there
